5. Set status online, date and channel BSNeBiz
6. Expected result, the uploaded image display as background at BSNeBiz
7. Extra test, set status offline
8. Expected result, BSNeBiz display default background

The screenshot displays the 'Content' management interface. At the top, there is a 'Content' header with a 'Select Content' dropdown. Below this, the 'Notices' section shows a category 'BSTYLE' and a 'Create Category' button. The main area is titled 'Edit Announcement/Promotion' and features a progress bar with two steps: '1 Details' and '2 Result'. The form includes several input fields: 'Category' (BSTYLE), 'Title' (BACKGROUND), 'Abstract (BM)', 'Description (EN)' (BACKGROUND), and 'Description (BN)'. Below these are dropdown menus for 'Publishing Type' (Announcement), 'Status' (Online), and 'Flag' (-). There is also a 'Flag Duration(days)' field set to 0. Under 'Select application', the 'BSNeBiz' checkbox is checked, while 'IBAM' is unchecked. The 'Promotion Image' section shows a file named 'bg-bsn.jpg' with a 'Browse' button. A preview of the image, which depicts a large building with a dome, is shown below. At the bottom right, there are 'Back' and 'Update' buttons.
