

## SMS Scheduler/ Cron in Web Servers

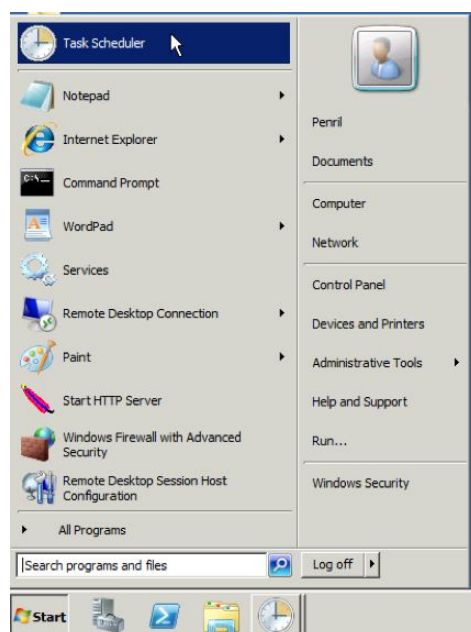

1. HQ – 172.16.50.21
2. DRC – 172.16.53.21

### How to start and stop sms crons on web server

1. To **Start** the SMS Crons go to **Start -> Task Scheduler**
2. Select **Task Scheduler -> Task Scheduler Library** on the left side menu, then Select **IB SMS Notification**.
3. Select **Run** on the right side menu under Selected Item or *right click* on **IB SMS Notification** and select **Run**,  
*Task Scheduler -> Task Scheduler Library -> IB SMS Notification -> Run.*
4. The status will show *running* to indicate that SMS Crons successfully started.
5. To **Stop** the SMS Crons, do the same steps but in the step 3 select **End** instead of Run,  
*Task Scheduler -> Task Scheduler Library -> IB SMS Notification -> End*

### Steps:

1. Start -> Task Scheduler

2. Task Scheduler -> Task Scheduler Library -> IB SMS Notification -> Run/End
